Financial Appendix

Non-GAAP Financial Measures

In addition to financial information prepared in accordance with U.S. GAAP, this presentation also contains non-GAAP financial measures, including adjusted non-GAAP net income, adjusted non-GAAP EBITDA, a per share, adjusted EBITDA multiple, non-GAAP gross margin, and adjusted non-GAAP gross profit. The Company believes these measures provide investors and management with supplemental information relati and trends that facilitate comparisons between periods and with respect to projected information.

Adjusted non-GAAP net income and related earnings per share information excludes amortization expense, stock-based compensation expense, depreciation expense, severance expense, non-cash interest exper on equity investment, fair value adjustments related to derivative instruments, foreign currency exchange gain or loss, gain on Euro debt, amortization of inventory step-up, acquisition related costs, legal settlement, related adjustments, debt issuance costs, and the tax effect of these adjustments.

Adjusted non-GAAP EBITDA excludes interest expense net of interest income, income tax provision, depreciation and amortization expense, stock-based compensation expense, fair value adjustments on equity in promissory note related adjustments, fair value adjustments related to derivative instruments, foreign currency exchange gain or loss, gain on Euro debt, legal settlement, acquisition related costs, debt issuance co

Adjusted EBITDA multiple is calculated as Eagle's market capitalization divided by adjusted EBITDA for the corresponding 12-month period.

Adjusted non-GAAP gross profit excludes amortization expense and amortization of inventory step-up.

Adjusted non-GAAP R&D expense excludes stock-based compensation expense, depreciation expense and severance expense.

Adjusted non-GAAP SG&A expense excludes stock-based compensation expense, depreciation expense, severance expense, acquisition related costs, and legal settlement.

The Company believes the use of non-GAAP financial measures helps indicate underlying trends in the Company's business and is important in comparing current results with prior period results and understanding performance. Non-GAAP financial measures provide the Company and its investors with an indication of the Company's baseline performance before items that are considered by the Company not to be reflective or results. See the reconciliation tables in this Financial Appendix of this presentation for details of the amounts excluded and included to arrive at certain of the non-GAAP financial measures.

Investors should note that reconciliations of the forward-looking or projected non-GAAP financial measures included in this presentation to their most comparable GAAP financial measures cannot be provided beca so without unreasonable efforts due to the unavailability of information needed to calculate the reconciling items and the variability, complexity, and limited visibility of comparable GAAP financial measures, and the reconciling terms and the variability, complexity, and limited visibility of comparable GAAP financial measures, and the reconciling items and the variability of comparable GAAP financial measures. GAAP earnings per share, adjusted EBITDA multiple and adjusted non-GAAP earnings per share CAGR to their most comparable GAAP financial measures are not provided because the qu GAAP net income, GAAP earnings per share, adjusted EBITDA multiple and adjusted non-GAAP earnings per share CAGR to their most comparable GAAP financial measures are not provided because the qu GAAP net income, GAAP earnings per share CAGR and the reconciling items between projected GAAP to projected adjusted non-GAAP earnings per share CAGR cannot be reasonably calculated or predicted at this time without unreasonable efforts. For example, with respect to GAAP net income and R&D Expense to calculate the favorable or unfavorable expenses related to the fair value adjustents on equity investments and derivative instruments primarily due to nature of these transactions. Such unavailable information actual GAAP net income, GAAP earnings per share and GAAP earnings per share CAGR would vary significantly from projected adjusted non-GAAP EBITDA, adjusted non-GAAP earnings per share, adjusted EBI

These non-GAAP financial measures should be considered in addition to, but not as a substitute for, the information prepared in accordance with U.S. GAAP. In addition, from time to time in the future there may be Company may exclude for purposes of its non-GAAP financial measures; and the Company has ceased, and may in the future cease, to exclude items that it has historically excluded for purposes of its non-GAAP example, commencing in 2023, the Company no longer excludes expense of acquired in-process research & development from the Company's adjusted non-GAAP net income or adjusted non-GAAP EBITDA, thei non-GAAP earnings per share. For purposes of comparability, non-GAAP adjusted financial measures for the three and six months ended June 30, 2022 have been updated to reflect this change. Accordingly, such from the Company's non-GAAP financial measures for the three and six months ended June 30, 2022 and 2022, as detailed in the reconciliation tables that follow, or from 2023 non-GAAP adjusted net income and earnings per share guidance. Likewise, the Company may determine to modify the nature of its adjustments to arrive at its non-GAAP financial measures. The Company strongly encourages investors to review its or statements and publicly-filed reports in their entirety and cautions investors that the non-GAAP financial measures used by the Company may differ from similar measures used by other companies, even when simi such measures.
